OUTREACH ACTIVITIES 3.3.2

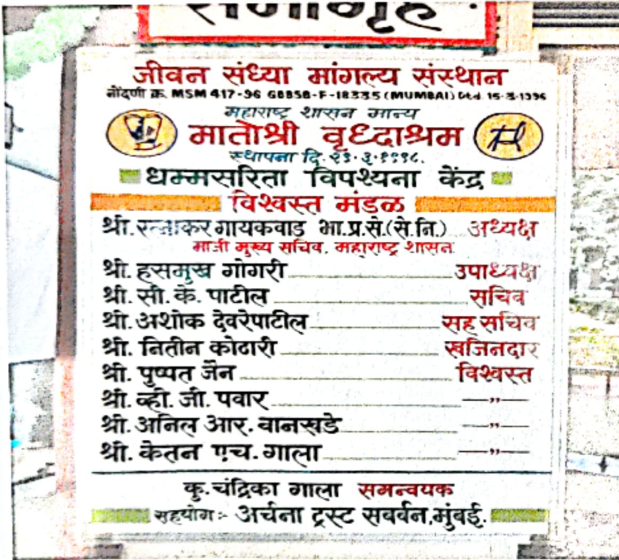

Event: A Visit to Matoshri Old age Home

Venue: Khadavli

Date: 15th October 2022

Organized by: Dr. Vinod Gavit Sir

On Saturday, 15th of October Gokhale Education Society College of Education and Research organized a visit to Matoshri Old Age Home under the guidance of Dr. Vinod Gavit Sir. The presence of teachers, Dr. Sangeeta Patkar Maam, Dr. Sandeep Bodke Sir, Dr. Chetan Chavan Sir and non-teaching staff Mr. Sawant Sir, along with 34 student teachers made this trip a successful one. Students enthusiastically participated in this trip and also were overwhelmed by the Old age home and the senior citizens living there. The assistant manager of the home Ms. Nanda Gothankar gave the information related to the origin and works of the Old age home. Further, Miss. Pooja Mayekar gave the vote of thanks. All the students enjoyed the company of the old people during the visit.

SEMESTER: 1

COMMUNITY WORK PROGRAM REPORT

(06 February – 13 February 2023)

COMMUNITY WORK INCHARGE: DR. VINOD GAVIT

PRINCIPAL: Dr. PRASHANT KALE

Event: Community work

Date: 06th February 2023 to 13th February 2023

Time: 7:30 to 12:30

Venue: Our Lady Home school

In charge: Dr. Vinod Gavit

Gokhale Education Society's College of Education and Research, Parel organised Community work program from 06th February to 13th February 2023 for one week for all the F.Y.B.Ed students in "Our Lady Home" school, Dadar East.

The Class was divided in 7 Groups each group got one class per day to teach. The lecture starts from 7:30am and ends at 12:30 pm. Each group teach according to the given time table or instructed by the particular class teacher. There was one group who were assigned for scholarship students.

Many activities have been done during our time over there. For outdoor activities each class take their students according to the lecture to play games, exercise, yoga, running etc in their P.T or Yoga lecture. Many indoor games were also played like "head shoulder knees and toes", name place animal and many other. We also taught Drawing, Craft works story telling etc.

At the last day the F.Y.B.Ed contributed and gave the chocolates to the students of all class by saying Goodbye.

Sub: Teacher's Training Programme reg.

Sir,

You may be aware that the Nehru Science Centre (NSC), Mumbai is a constituent unit of National Council of Science Museums, a scientific autonomous institution functioning under the Ministry of Culture, Govt. of India. It is a premier institute in western part of the country for science popularization among masses in general and students in particular. We are visited by about 7.0 lakh people of which over 3 lakhs are students and teachers. The exhibitions here have interactive exhibits which offer opportunity for learning science and other related topics with edutainment and fun-filled interactive activities.

In order to equip our teachers for making science teaching and learning interesting and fruitful, we designed Teacher's Training Programme and customised it also to suit different school science teachers. The programme is well established and so far thousands of teachers across state & central boards have been given the training. The programmes are organised every year in batches in which 8 to 10 colleges send aspiring teachers for training.

We are really thankful to you for sending your B.Ed. College students for the training programme organised by Nehru Science Centre from 26th June 2023 to 1st July 2023. We are also thankful to your institute and management for a long association with us and sending your students every year for such training programmes and making it a part of education set-up for B.Ed./D.Ed. college students. This training certainly helps the aspiring teachers to prepare better interactive lesson plans. These teachers will definitely prove their mettle, when they will be absorbed in this noble profession after completing ongoing course.

We will appreciate, if the feedback from the participating teachers may be obtained and shared with us for our record.

Looking forward for many more such associations and opportunities to serve your institute for years to come.

Thanking you,
