Event: Community Work (S.Y.B.Ed)

Date: 03/04/23 to 19/04/23

In-charge: Dr. Vinod Gavit Sir

Venue: Assembly Hall

Time: 10:20 am

Just like we did community work in our first semester, we also did community work in our fourth semester. The community work which was to last one week in the last semester of B.Ed was to be conducted in school, but due to the shortage of time, the scheduled community work was performed in the college itself. Also, clear instructions were given by our internship incharge Dr. Vinod Gavit Sir. The whole class of 54 students was divided into 11 groups consisting of 5 students in each group. Each group had to perform certain activities like morning prayer, thought of the day, blackboard decoration, a moral story, the contribution of the great leaders, reading newspapers and simple tricks or techniques.

Each student had to take one activity and complete it on the day allotted to them. We were told to write each day's report as well as the activities which were conducted in our internship school in semester 3 and 4. Three college events followed by at least five activities conducted during internship school were added.

**Educational Implications:**

1. Learning about leadership skills
2. Time management
3. Team work
4. Development of communication skills
5. Problem-solving attitude

Social work is a form of professional service to get to know about our society. We are a part of our society, it is our duty to something for the welfare of the society. Through this community work, we student-teachers of Gokhale Education Society's College of Education and Research, got an opportunity to inculcate the values and teach students appropriately through learning as well as through morning prayer and assembly.
